J. Paediatr. Child Health (1993) **29**, 495–500

Subject Index

A

Aboriginals, Australian
  social and cultural factors affecting health issues of S55 (**29**:6)
  stillbirths, neonatal and post-neonatal mortality of 43
Abstracts
  Australian College of Paediatrics, Annual Scientific Meeting A23 (**29**:3), 406 (Corrigendum)
  Australian Perinatal Society, 10th Annual Congress A1 (**29**:1)
  Australian Perinatal Society, 11th Annual Congress A55 (**29**:6)
  Children's Hospice International, 8th Conference A45 (**29**:6)
  Paediatric Research Society of Australia, Annual Scientific Meeting A23 (**29**:3), 406 (Corrigendum)
accidents
  and playground equipment 222
  and socio-economic status 438
additives, food; safety aspects of (Letter) 481
adenoidectomy; variation in surgical procedures for 429
adolescent health
  agenda for 1990s (Editorial) S1 (**29**:6)
  and alienation from school S25 (**29**:6)
  and behavioural research S65 (**29**:6)
  and family relationships S36 (**29**:6)
  and insulin-dependent diabetes mellitus S52 (**29**:6)
  and personal development in schools S30 (**29**:6)
  and risk behaviour of street youth S59 (**29**:6)
  and street youth S45 (**29**:6)
  and suicide S20, S49 (**29**:6)
  impact of caring and connectedness on S3 (**29**:6)
  impact of culture on S16 (**29**:6)
  impact of immigration on S41 (**29**:6)
  interdisciplinary education in S10 (**29**:6)
  social and cultural factors associated with Aboriginal S55 (**29**:6)
adolescents
  and growth hormone therapy 40
  and homelessness (Annotation) 245
  and measles vaccine efficacy 455
  dietary habits of, in New Zealand 209
  emotional and behavioural problems of, in single-parent families 338
  reporting of emotional and behavioural problems by 119
adrenal hyperplasia, congenital; 17-hydroxyprogesterone rhythms and growth in 302
alienation from school and impact on health behaviour S25 (**29**:6)
allele specific oligonucleotide; and prenatal diagnosis of β-thalassaemia 461
allergy and oral Vitamin K (Letter) 241
aluminium and infants (Annotation) 80
aminophylline; individualizing doses for premature infants 113, 324 (Corrigendum)
anencephalus; prevalence in New Zealand 282
antigenuria and *Haemophilus influenzae* type b vaccination (Letter) 482
aortic stenosis and chromosomal deletion (Case Report) 473
apnoea, repetitive infantile; and Munchausen by proxy 77 (Annotation), 324 (Corrigendum)
arrhythmia, cardiac; respiratory syncitial virus infection associated with 309
Artemisia scoparia and risk associated with neonatal jaundice 292
arterial oxygen saturation; erroneous measurement of (Case Report) 396
artificial ventilation and diaphragmatic pacing (Case Report) 66
Asia-Pacific region; standards of child heath in (Review) 90
Aspergillus fumigatus; eradication from lung 141
asthma
  and knowledge of health care professionals 32
  evolution of (Annotation) 4
  increase in prevalence of 424
  management of acute (Consensus View) 101
attention deficit hyperactivity disorder; use of stimulants to treat (Review) 250
Australasian College for Emergency Medicine; policy statement on hospital emergency department services for children 99
Australian College of Paediatrics
  abstracts of Annual Scientific Meeting A23 (**29**:3), 407 (Corrigendum)
  policy statement on hospital emergency department services for children 99
Australian Perinatal Society
  abstracts of 10th Annual Congress A1 (**29**:1)
  abstracts of 11th Annual Congress AXX (**29**:6)
  Editorial Comment 19
autosomal recessive trait and Marden-Walker syndrome (Case Report) 312

B

behaviour
  adolescent, impact of caring and connectedness on S3 (**29**:6)
  health, impact of school alienation on S25 (**29**:6)
  risk, and adolescent health S65 (**29**:6)
  sexual, and street youth S59 (**29**:6)
behavioural problems
  of children from single-parent families 338
  reporting of by adolescents 119
bilirubin and *Artemisia scoparia* 292
bioelectrical impedance; individualizing aminophylline doses in neonates using 113, 324 (Corrigendum)
birth order and risk of sudden infant death syndrome 215
birthweight; mortality risk by race, gestational age and 43
blood glucose
  control of during pregnancy 20
  cotside measurement of and neonatal hypoglycaemia 289
blood transfusion and measurement of arterial oxygen saturation (Case Report) 396
bone marrow transplantation; long-term complications following 201
book reviews 73, 161, 242, 320, 402, 485
brain; effect of dietary fat on developing (Annotation) 409

brain death; imaging of, in neonates and infants (Review) 255
breast feeding
and effect on developing brain (Annotation) 409
inadequate management of (Letter & Reply) 241
bronchiolitis, acute; management of (Consensus View) 335
bronchopulmonary dysplasia
Editorial Comment 86
preterm infants with 107

C

cancer
and Vitamin K 169 (Annotation), 399 (Letter & Reply)
psychological adjustment of families of children with 352
candidiasis
renal; and fungal ball formation (Letter) 483
systemic; and thrombocytopenia in ELBW infants 298
cardiac arrhythmia; respiratory syncitial virus infection associated with 309
case-mix and diagnosis related groups 266
central neurogenic hyperventilation in alert child with systemic histiocytosis (Case Report) 154
chemotherapy and pneumomediastinum complicating lymphoblastic leukaemia 350
child development
and ELBW infants 276
and postnatal depression 270
Children's Hospice International
abstracts of 8th Conference A45 (**29**:6)
choanal stenosis (Letter) 72
choriocarcinoma, intracranial; and precocious puberty cured with combined modality therapy 464
chromosome 4; aortic stenosis and deletion of long arm of (Case Report) 473
chromosome testing
and bronchopulmonary dysplasia (Editorial Comment) 86
and developmental delay 360
and *Ureaplasma* in VLBW infants 295
coeliac disease; antibodies in diagnosis of (Review) 331
community paediatrics; and early intervention (Letter) 159
computer database; to evaluate school screening service (Letter) 158
congenital heart defects
and growth (Review) 95
incidence in first year of life 344
cot death *see* sudden infant death syndrome
cranial irradiation and episodic central neurogenic hyperventilation (Case Report) 154
croup; management of (Letter) 70
cryptantigen exposure; screening for, in neonates with suspected NEC (Editorial Comment) 16
cryptorchidism; reappraisal of management of (Annotation) 407
culture; impact on adolescent health S16 (**29**:6)
cyclosporin therapy and steroid-dependent nephrotic syndrome 188
cyst, colloid; and sudden death (Case Report) 476
cystic fibrosis and porcine pancreatic enzyme supplements 196

D

day care centres
and injuries involving playground equipment 222
male/female attendance ratio (Letter) 71
dehydrogenase deficiency; retrospective diagnosis of (Case Report) 237
demographics
and immunization status of New Zealand infants 379
and SIDS 445
developmental
assessment; use by paediatricians of 357
delay
and chromosome testing 360
and Williams syndrome 468
dexamphetamine
use for hyperactivity (Review) 250
diabetes mellitus
and effects on fetal growth (Review) 6
and transition from adolescent to adult care S52 (**29**:6)
in pregnancy 20
diagnosis related groups
and measurement of case-mix 266
Editorial Comment 263
diaphragmatic
hernia; *in utero* repair of (Case Report) 393
pacing in a quadriplegic (Case Report) 66
diet and New Zealand adolescents 209
dietary fat; effect on developing brain (Annotation) 409
disabilities
learning, and vision (Letter) 481
physical, ophthalmic assessment of children with 132
distal hypospadias repair and preputial reconstruction 183
DNA amplification and prenatal diagnosis of β-thalassaemia 461
Down syndrome; paediatric practices in 27
drug abuse and street youth S59 (**29**:6)
dystonia; neurodevelopmental outcome for VLBW infants with 415

E

early intervention and community paediatrics (Letter) 159
education, interdisciplinary; and adolescent health S10 (**29**:6)
emergency department services; policy statement of The Australian College of Paediatrics and The Australasian College for Emergency Medicine on 99
emotional problems
of children from single-parent families 338
reporting of by adolescents 119
ENT surgery; variations in 429
envenomation and red-back spiders in Perth 305
Escherichia coli, verocytotoxigenic; and gastroenteritis 185
essential fatty acid and deficiency in parenterally fed preterm infants 51
eucalyptus oil poisoning 368
Exosurf; effect on neonatal intensive care resources 434
extremely low birthweight infants
cost of improving outcome for 56
developmental profile of 276
mortality rates of (Annotation) 1
thrombocytopenia and systemic candidiasis in 298

F

families, single-parent; emotional and behavioural problems of children from 338

family relationships and social competence in adolescence S36 (**29**:6)
fatty acid oxidation and retrospective diagnosis of MCAD (Case Report) 237
fatty acids and infant formulae (Annotation) 409
fetal growth; effects of insulin deficiency on (Review) 6
flunitrazepam; use in terminal care (Case Report) 68
food additives; safety aspects of (Letter) 481
foreign body ingestion and oesophageal perforation (Case Report) 239
foreskin and distal hypospadias repair 183
fungal ball and renal candidiasis (Letter) 483

G

gastroenteritis
  and implications for rotavirus vaccination in infants 219
  and verocytotoxigenic *Escherichia coli* 185
general practitioners; parental access to paediatricians' reports to 451
genetic testing, molecular; for neurofibromatosis type 1 in WA (Letter) 158
gestational age; mortality risk by race, birthweight and 43
growth
  and congenital heart disease (Review) 95
  and 17-hydroxyprogesterone rhythms in adrenal hyperplasia 302
  and VLBW infants 411
  hormone; and benefit to adolescent girls 40
Gubbay screening test (Letter) 319

H

haemoglobin; two methods of measuring 459
Haemophilus influenzae type b vaccination and antigenuria (Letter) 482
haemorrhagic disease
  efficacy of oral Vitamin K to prevent (Review) 171
  epidemiology of 177
  Vitamin K prophylaxis for (Joint Statement) 182
health behaviour; impact of school alienation on S25 (**29**:6)
health records, child; usefulness of parent-held 150
heart defects, congenital; incidence in first year of life 344
heart disease
  and Kawasaki disease 126
  and respiratory syncitial virus infection 309
hepatitis, neonatal; and lupus erythematosus (Case Report) 478
herbal remedy and risk associated with neonatal jaundice 292
hernia, diaphragmatic; *in utero* repair of (Case Report) 393
hip disease; role of ultrasound to assess (Annotation) 247
homelessness; effect on children and youth (Annotation) 245
homicide and Munchausen by proxy 77 (Annotation), 324 (Corrigendum)
hospital costs and diagnosis related groups 266
human immunodeficiency virus and street youth S59 (**29**:6)
hyaline membrane disease and surfactant replacement therapy 434
hydrocephalus and colloid cyst of 3rd ventricle (Case Report) 476
17-hydroxyprogesterone rhythms and growth velocity in adrenal hyperplasia 302
hyperactivity; use of stimulants to treat (Review) 250
hyperglycinaemia, non-ketotic (Letter) 71
hyperplasia, congenital adrenal; 17-hydroxyprogesterone rhythms and growth in 302
hyperpnoea syndrome; mental retardation, macrostomia and (Case Report) 156
hypoglycaemia, neonatal; and cotside blood glucose measurement 289
hypothyroidism, transient congenital
  and maternal thyrotrophin binding inhibiting immunoglobulin (Case Report) 315

I

ileum; double-barrelled tubular duplication of (Case Report) 389
immigration and impact on adolescent health S41 (**29**:6)
immune deficiency
  analysis of incomplete childhood 384
  and demographic characteristics of New Zealand infants 379
  and oral itraconazole 141
  and rubella (Letter) 398
immunoglobulin G; and porcine pancreatic enzyme supplements in cystic fibrosis 196
immunoglobulin, maternal thyrotrophin binding inhibiting; and transient congenital hypothyroidism (Case Report) 315
infant botulism in South Australia (1980–89) 24
infantile hypertrophic pyloric stenosis; treatment protocol for 372
infants
  and implications for rotavirus vaccination 219
  imaging of brain death in neonates and (Review) 255
inhalant abuse; sensory evoked potentials in 206
injuries
  and nursery furniture 228
  and playground equipment at home and day care 222
  non-traffic child pedestrian 233
  socio-economic context of 438
injury mortality; geographic and socio-economic variations of insulin deficiency and effects on fetal growth (Review) 6
intellectual disability and chromosome testing 360
intensive care, neonatal
  and chronic lung disease 295
  and transport between centres 146
  cost for ELBW infants 56
  effect of surfactant replacement therapy on resources of 434
interferons; therapeutic applications of (Annotation) 328
intervention and adolescent suicide S20 (**29**:6)
intestine, small; and tubular duplication of ileum (Case Report) 389
irradiation, total body
  long-term complications of, following bone marrow transplantation 201
itraconazole and eradication of *Aspergillus fumigatus* from lung 141

J

jaundice, neonatal; and risk associated with herbal remedy 292

K

Kawasaki disease 126

L

labial fusion; incidence of 235
latrodectism and red-back spiders in Perth 305
learning problems and vision (Letter) 481
Leigh's disease; review of 363
leukaemia, acute lymphoblastic; pneumomediastinum complicating 350
liver disease and neonatal lupus erythematosus (Case Report) 478
lumbar puncture and colloid cyst causing sudden death (Case Report) 476
lung disease, chronic; and bronchopulmonary dysplasia (Editorial Comment) 86
lupus erythematosus, neonatal; and liver disease (Case Report) 478
lymphoblastic leukaemia, acute; pneumomediastinum complicating 350

M

macrostomia; mental retardation, hyperpnoea syndrome and (Case Report) 156
Marden-Walker syndrome in two siblings (Case Report) 312
measles and vaccine efficacy 455
mental health
  adolescent, impact of immigration on S41 (**29**:6)
  and homelessness (Annotation) 245
  and personal development in schools S30 (**29**:6)
mental retardation; macrostomia, hyperpnoea syndrome and (Case Report) 156
methylphenidate; use of, to treat hyperactivity (Review) 250
middle ear disease; management of 429
morbidity and splenic injury 192
mortality
  and childhood injury 136
  and ELBW infants (Annotation) 1
  Australian Aboriginal neonatal 43
  early childhood; in tropics (Invited Review) 12
  neonatal
    impact of blood glucose control on 20
    risk by race, birthweight and gestational age 43
  non-traffic child pedestrian 233
Munchausen syndrome by proxy 77 (Annotation), 324 (Corrigendum)
mutation analysis and retrospective diagnosis of MCAD (Case Report) 237
myringotomy; variation in surgical procedures for 429

N

nasopharyngeal CPAP (Letter) 72
necrotizing encephalomyelopathy, subacute; review of 363
necrotizing enterocolitis
  and polyagglutination of red blood cells (Case Report) 63
  cryptantigen exposure and polyagglutination in (Editorial Comment) 16
neonate
  and adverse effects of transport between intensive care centres 146
  and chronic lung disease 295
  and cotside measurement of blood glucose 289
  and polyagglutination of red blood cells (Case Report) 63
  and risk associated with herbal remedy for jaundice 292
  and surfactant replacement therapy 434
  and Vitamin K 167, 169, 171
  cost of improving outcome for 56
  imaging of brain death in infants and (Review) 255
  liver disease and lupus erythematosus (Case Report) 478
  mechanical ventilation of, with birthweight >2499 g 418
  mortality risk by race, birthweight and gestational age 43
  oesophageal duplication cyst and respiratory distress in (Case Report) 391
  screening for cryptantigen exposure and polyagglutination in (Editorial Comment) 16
nephrotic syndrome, steroid-dependent; and cyclosporin therapy 188
neural tube defects; prevalence of, in New Zealand 282
neurodevelopment
  and ELBW infants 276
  and VLBW infants 415
neurofibromatosis type 1; molecular genetic testing for (Letter) 158
neurological deterioration; and colloid cyst causing sudden death (Case Report) 476
nursery furniture; use of child safety restraints with 228

O

oesophageal duplication cyst and neonatal respiratory distress (Case Report) 391
oesophagus; perforation of, caused by coin (Case Report) 239
ophthalmic assessment of physically disabled children 132
overdose of paracetamol 104
oxandrolone and benefit to adolescent girls 40
oxygen therapy, domiciliary (Position Paper) 259

P

paediatric practice and management of Down syndrome 27
Paediatric Research Society of Australia; abstracts of Annual Scientific Meeting A23 (**29**:3), 406 (Corrigendum)
paediatricians; parental access to reports to GPs from 451
paediatrics in the Asia-Pacific region (Review) 90
pancreatic enzyme supplements and cystic fibrosis 196
paracetamol
  prescription of 104
  use and optimum dose of (Editorial Comment) 84
parents
  access to paediatricians' reports to GPs 451
  distress; and childhood cancer 352
  perception
    of adolescents' emotional and behavioural problems 119
    of usefulness of parent-held child health record 150
parenteral nutrition and EFA deficiency in preterm infants 51
perianal group A streptococcal infection 144
personal development of adolescents in schools S30 (**29**:6)
personal health records; use by parents and doctors (Letter) 400

phrenic nerve stimulation and diaphragmatic pacing (Case Report) 66
pneumomediastinum; acute lymphoblastic leukaemia complicated by 350
poisoning by eucalyptus oil 368
policy statement of The Australian College of Paediatrics and The Australasian College for Emergency Medicine on hospital emergency department services for children 99
polyagglutination
necrotizing enterocolitis in a neonate with (Case Report) 63
screening for, in neonates with suspected NEC (Editorial Comment) 16
polymerase chain reaction
and prenatal diagnosis of β-thalassaemia 461
and retrospective diagnosis of MCAD (Case Report) 237
porcine trypsin and cystic fibrosis 196
Position paper of the Thoracic Society of Australia and New Zealand on domiciliary oxygen therapy 259
postnatal depression
and child development 270
Editorial Comment 264
premature infants
and bronchopulmonary dysplasia (Editorial Comment) 86, 107
developmental profile of ELBW 276
EFA deficiency in 51
individualizing aminophylline doses in 113, 324 (Corrigendum)
prenatal diagnosis and β-thalassaemia 461
preputial reconstruction; distal hypospadias repair with 183
psychiatric illness and adolescent suicide S49 (**29**:6)
psychological adjustment of families of children with cancer 352
puberty, precocious; and choriocarcinoma cured with combined modality therapy 464
pulse oximetry and arterial oxygen saturation during blood transfusion (Case Report) 396
pyloric stenosis, infantile hypertrophic; treatment protocol for 372

Q

quadriplegia and diaphragmatic pacing (Case Report) 66

R

radiotherapy and complications associated with intracranial disease 464
reflux nephropathy and vesico-ureteric reflux (Annotation) 325
relationships, family; and social competence in adolescence S36 (**29**:6)
renal candidiasis and fungal ball formation (Letter) 483
respiratory
distress, neonatal; and oesophageal duplication cyst (Case Report) 391
failure and home oxygen therapy (Position Paper) 259
syncitial virus; cardiac arrhythmia associated with 309
rotavirus gastroenteritis and implications for vaccination in infants 219
rubella; need for immunization against (Letter) 398

S

safety restraints for prevention of injuries 228
Salmonella typhi and Widal test 36
school
and impact of alienation on health behaviour S25 (**29**:6)
personal development in S30 (**29**:6)
screening service; use of database to evaluate (Letter) 158
screening tests; use by paediatricians of 357
sensory evoked potentials in inhalant abuse 206
sexual behaviour and street youth S59 (**29**:6)
short stature
and growth hormone therapy in adolescent girls 40
and VLBW infants 411
single-parent families; emotional and behavioural problems of children from 338
social competence, adolescent; and family relationships S36 (**29**:6)
socio-economic status
and childhood injury mortality 136
and child injury 438
and SIDS 445
solvent abuse and adolescent Aboriginal health S55 (**29**:6)
spiders, red-back; and envenomation 305
spina bifida; prevalence in New Zealand 282
splenic injury 192
stenosis, aortic; and chromosomal deletion (Case Report) 473
stillbirth; risk by race, birthweight and gestational age 43
stimulants; side effects of, in treatment of hyperactivity (Review) 250
street youth
risk behaviour of S59 (**29**:6)
social imbalance and health risks of S45 (**29**:6)
streptococci infection; perianal group A 144
sudden infant death syndrome
and birth order 215
and MCAD (Case Report) 237
and missing data in New Zealand study (Letter) 70
epidemiological survey of 445
suicide, adolescent S49 (**29**:6)
and early intervention S20 (**29**:6)
increase in S16 (**29**:6)
surfactant replacement therapy; effect on neonatal intensive care resources 434
systemic histiocytosis; central neurogenic hyperventilation in alert child with (Case Report) 154

T

temperature and SIDS 445
temporal cell arteritis polymyalgia and sun overexposure (Letter) 399
terminal care; use of flunitrazepam in (Case Report) 68
testis, retractile; reappraisal of management of (Annotation) 407
β-thalassaemia; prenatal diagnosis of 461
Thoracic Society of Australia and New Zealand; position paper on domiciliary oxygen therapy 259
thrombocytopenia and systemic candidiasis in ELBW infants 298
tonsillectomy; variation in surgical procedures for 429
toxicity and aluminium (Annotation) 80
transition services for adolescents with diabetes S52 (**29**:6)

transplants; and imaging of brain death in neonates and infants (Review) 255
transportation of neonates between intensive care centres 146
trauma and splenic injury 192
tropical paediatrics; priorities and practice in (Invited Review) 12
tubular duplication, double-barrelled; of ileum (Case Report) 389
Turner syndrome and growth hormone therapy in adolescent girls 40
twins; and Australian NHMRC twin registry as research resource (Letter) 319
typhoid fever; use of Widal test in diagnosis 36

U

ultrasound
  and assessment of hip disease (Annotation) 247
  use in diagnosis of infantile hypertrophic pyloric stenosis 372
Ureaplasma and chronic lung disease in VLBW infants 295
urethroplasty and distal hypospadias repair 183

V

vaccination
  efficacy for measles 455
  Haemophilus influenzae type b and antigenuria (Letter) 482
  implications for rotavirus, in infants 219
ventilation
  and bronchopulmonary dysplasia 107
  short-term outcome of infants >2499 g requiring 418
verocytotoxigenic *Escherichia coli* and gastroenteritis 185
very low birthweight infants
  assessment of short stature in 411
  long-term neurodevelopmental outcome for 415
  Ureaplasma colonization and CLD in 295
vesico-ureteric reflux; management of (Annotation) 325
visual abnormalities and learning disabilities (Letter) 481
Vitamin K
  and administration to the newborn (Editorial Comment) 167
  and childhood cancer 169 (Annotation), 399 (Letter & Reply)
  and late onset haemorrhagic disease 177
  and prevention of haemorrhagic disease (Review) 171
  and prophylaxis for haemorrhagic disease (Joint Statement) 182
  skin allergy reaction to oral (Letter) 241

W

Widal test for diagnosing typhoid fever 36
Williams syndrome; study of children and adults with 468
